Jan 28, 2013

Dear Parent or Guardian,

Greetings! My name is Sara Roubinek and I will be teaching your teenager's Family and Consumer Science class. I am looking forward to meeting your student and wanted to inform you of a meeting concerning the topics of 8th grade FACS.

I want to keep the lines of communication open about the content in FACS 8. Your child is either currently enrolled, or will be taking it fourth quarter. The class includes the topic titled, "Setting Your Standards," with lessons on personal growth and development, sex education, pregnancy and birth, family planning, sexually transmitted diseases and parenting and harassment issues. The other topics in the class are food and nutrition. The two topics will be taught through out the quarter.

Because of the sensitive nature of these topics, I want to make myself available for questions you might have about the content. I will host a FACS 8 Information Meeting on Wed. February 6th at 6p.m. in the high school FACS room (room 151) to discuss concerns you might have about the curriculum.

Please fill out the form below by February 6th, 2013. If this date and time does not work for you, please feel free to contact me via phone or email.

Thank you,

Sara Roubinek
