

Cheater Pancakes

Follow the instructions on the box for the pancake mix. You will be using the electric frying pans to cook your pancakes. Just be care to not get the pancake batter to close to the edges, due to the sloped edge. Have the temperature of the electric frying pans at 350, you may need to adjust the temp. as you go. Pancakes are ready to flip when bubbles are forming around the edges. Make sure the pancakes are cook all the way through, no liquidy pancakes.
